PoolSketch

PoolSketch fact sheet

Pool design on any mobile device for builders, landscapers and sales reps. Made by Tegminestar LLC.

THE PRODUCT

What it is	A progressive web app for sketching a pool and yard with a customer, showing it in 3D and sending a branded PDF at the first meeting. It makes concept sketches, not construction drawings.
Who it is for	Pool builders, landscape contractors, designers and sales reps.
Platforms	Installs from the web on iPhone, iPad, Android and desktop. App Store and Google Play listings are in preparation.
Library	345 templates, including more than 70 pool shapes, spas, steps, decks, fences, gates, pergolas, kitchens, fire features and planting.
Languages	21 (English plus 20), with right-to-left layouts. PDFs print Arabic, Hebrew, Hindi and Thai in native script. Translations other than English are machine translated; Spanish is awaiting a native review.

AI FEATURES

Describe your pool	Type or dictate a description in any language; a full, editable design in about 3 seconds as a new Option. Follow-up changes in words. Uses the house, fence and setbacks already in the plan. 1 credit.
AI photo finish	Quick preview (about 10 to 15 seconds, keeps the pool footprint locked to the design) and Showcase (about 2 minutes, most photographic, labelled Artist's concept). 1 credit each, refunded on failure.
Auto-landscaping	Seven styles and ten planting packs; every piece stays editable.
On-device tools	Photo composite, path-traced Render and an AR yard overlay (Apple Quick Look, Android Scene Viewer) with no per-image cost.

PRICING (US DOLLARS, NOVEMBER 2026)

Core	$35 a month, or $28 billed yearly. 1 seat, the full app, 3 one-time trial AI credits.
Pro	$79 a month, or $63 billed yearly. 100 AI credits a month, unlimited fly-around video.
Team	$179 a month, or $143 billed yearly. 4 seats, extra seats $39 a month, 500 pooled AI credits a month.
Top-up packs	50 credits $12 (Pro), 200 pooled credits $40 (Team). One time, no expiry.
Trial	7 days. Core needs no card; Pro and Team ask for a card, and AI use is capped during the trial.

PRIVACY AND COMPANY

Data	Designs are device-first and work offline; survey photos stay on the device. Images go to an AI provider only when the user runs a photo finish; results are kept 3 days. No customer names or addresses are sent.
